## COMMENTS

The past year has been a busy one for the Selectmen because of many new plans and regional concepts for solving present problems and meeting future requirements.

The flood of last summer caused a lot of damage to roads in Warren, as well as causing changes in the course of Baker River and thus making further damages to bridges and land a certainty. Fortunately the Federal Government, through the Disaster Relief Program allocated money to help the town repair this damage. The town has been fortunate in that the Selectmen reacted in a timely way and by their swift and complete assessment of damage, made funds available almost immediately. It has required time, patience and a lot of work to meet Federal and State requirements and deadlines. However, the town has already received \$58,000.00 and spent \$62,612.72. On road repair the sum of \$30,320.22 was used while \$32,292.50 was spent on the work in rivers. The Selectmen and Road Agent have had to keep separate and somewhat intricate accounts of all work done, as well as making trips to Concord to meet with officials and in general coordinating all work paid for under these programs.

Work on the Bixby Bridge began in November and is scheduled for completion in June of this year. The flooding of last year damaged the Studio Road bridge so that it is now scheduled to be replaced with flood disaster funds.

With more problems facing the town and the prospect of high levels of spending being asked in both the Town and School Budgets it seems necessary that we institute budget hearings in the weeks prior to Town Meeting. The attendance at this year's school budget hearing was very encouraging and it should become routine for the Selectmen to call town budget hearings as was done this year. Each town official who spends appropriated monies should be required to present his budget, explain it and justify it. Corrections, additions or deletions can be made before Town Meeting, reflecting the will of the people at the budget hearings. This system should result in a smoother and more business-like Town Meeting and also increase the efficiency of operating the business of the Town.

In 1973, the number of vehicles registered in Warren were:

477 Cars & Trucks

67 Tractors & Trailers

544 Vehicles in all

In 1905 only 704 Motor Vehicles were registered in N. H.

In 1972 there were 557,550 Licensed Drivers on file in N. H.

New Hampshire Citizens have been served by Town Clerks since the early towns and parishes were established in the province of New Hampshire. When the government of the area was centralized in Boston under the New England Dominion, the Town Clerks were appointed by the Judiciary. After 1699, the Clerk was chosen by each town, and since 1804 the clerk has been chosen by ballot.

This year I was able to attend all the regional meetings as well as the convention. This is a must to keep up with all the changes. As I look back over my 3 years in office, each year has brought many changes, with these more responsibility. However, I like what I am doing and feel that in my own way I am helping the town.

Respectfully submitted,

JUDITH L. LUPIEN  
Town Clerk

1974 should be a memorable year for our library. With the addition of two very enthusiastic and ambitious trustees, we are meeting with the librarian on a regular monthly basis. The main project for 1974 is to begin cataloguing all library books. We were fortunate to have enough funds to purchase the necessary supplies to initiate the project, which should be of great benefit to all our patrons.

We have expanded our magazine selection and also have purchased many new books which should be of interest to all readers. We hope that with our broad program for 1974 there will be a renewed interest in the library. When was the last time you dropped in — even if only to browse?

This department would like to say that with the energy crisis by percentage with other departments in the area we are now below the number of fires than any of them. I would like to thank the people of the town for their cooperation.

Fire Chief

**REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF**

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A. M. and 5:00 P. M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief, who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool, but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

## PEMI-BAKER HOME HEALTH AGENCY

The Pemi-Baker Home Health Agency through the cooperation of the eleven membership towns completed another successful year of services. Each town's continuing participation is vital to the agency's future ability to be of help to those who need home nursing service. Last year our nurses made 32 visits to the town of Warren.

This year the agency is asking for the sum of \$539. From the town of Warren, this amounts to \$1.00 per person as of the 1972 State Census. The average request over the state is \$1.25 per capita.

I had the privilege of being on the finance committee this year and, as a result, became more aware of how the agency is run. With a budget of \$37,091.00 for 1973-1974, I think, we have done extremely well as Blue Cross/Blue Shield is cutting down on us all the time. Our estimated budget for 1974-1975 is \$36,500.

Again, I sincerely hope the people in Warren will vote to raise the amount requested to help continue this worthwhile service.

## 1973 REPORT OF THE CHIEF OF POLICE

Complaints of a reportable nature	81
Minor	39
Reportable accidents	11
Courts	36
Assists to other departments	9
Messages delivered	28

I was fortunate in being one of seventy-six officers selected from the state to attend an intensive two weeks course in accident investigation at the N.H. Technical College in Concord. This was sponsored by the Crime Commission with instructors from Northeastern University in Illinois. We were fortunate this past year in having very few breaks as compared to other areas nearby. Not as many complaints of speeding were received this past year as the year before. I believe that the use of a Radar unit provided by another town is a good deterrent as far as this is concerned.

Respectfully submitted,

JOHN H. MacDONALD  
Chief of Police

## AUDITORS' REPORT

We certify that we have examined the books and accounts of all the town officers, and the Revenue Sharing Accounts and found them to be correct and in good order.

## WARREN RECREATION COMMITTEE

The following were appointed by the Selectmen April 3, 1973 to oversee the tennis court project and to work with any other recreation projects for the benefit of the Town of Warren: Floyd R. Ray, Chairman; Mrs. Reginald Bixby, Mrs. Howard Davis, Charles Sackett, and Michael J. McCarthy.

Résumé of activity to date: Many contacts with the New Hampshire Department of Resources and Economic Development and final approval of plans submitted according to Recreation Services' specifications for the purpose of receiving matching federal funds. Federal approvement was given for the paving estimate submitted by Paquette Paving Company for \$2000 plus an additional widening of eight feet for \$600. The town committee at an August meeting accepted the report of work done by the volunteer solicitors who reported \$1017.50 donated to match the \$1000 voted at the 1973 Town Meeting. Approval was given for making the final contract with Paquette with work to start as soon as the approval was definite by the State and Federal funding programs. Paving was completed in November with an approval for the extension made possible by a private donation to make the present area 112' by 50'. The Volunteer Committee paid to the Town of Warren \$1600 for the project of paving, the refund to be applied to the seal-coating project in the spring when weather permits. The entire project has been approved for the amount of \$3780.00 with federal funding share to be \$1890. To date the amount spent on the tennis court project has been \$2600, refunding \$1300. Future plans for the court include seal-coating, marking, backstops, and posts. The Recreation Committee regrets the late paving which prevented any flooding for this last winter.

FLOYD RAY

## WARREN TENNIS COURT VOLUNTEER COMMITTEE

The Volunteer Committee for soliciting funds for matching with the money voted by the Town of Warren to apply to paving and improving present court are: Mrs. Floyd Ray, Chairman; Mr. and Mrs. Kenneth Becker, Miss Dorothy Albert, and Miss Constance Leighton. About 100 letters were sent out in April to explain the plans for improving and funding the court. The response was as follows: 6 families with a donation of \$690 and 26 families with donations in amounts ranging from \$5.00 to \$25.00 to amount to \$325. These contributions were designated for the Warren Tennis Court Fund and were deposited in an account of that name. On October 18 a check for \$1600 was given to the Selectmen to pay the paving cost of \$2600. The committee plans to make further appeals for contribution to the backstop fund in the near future.

## REPORT OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent.

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during 1973-1974, will receive a salary of \$19,600.00, which is made up as follows: \$2,500.00 to be paid by the State Department of Education and \$17,100.00 prorated among the several school districts. Allowance of \$1,500.00 for travel within the Union is also prorated as stated above.

The table below shows the proration of salary and travel to each school district:

District	Salary	Travel
Bath	\$ 728.46	\$ 63.90
Benton	135.09	11.85
Haverhill Cooperative	7,045.20	618.00
Lincoln-Woodstock Cooperative	5,653.26	495.90
Monroe	1,850.22	162.30
Piermont	969.57	85.05
Warren	718.20	63.00

## REPORT OF SUPERINTENDENT OF SCHOOLS

I herewith submit my fourth annual report to the voters of the Warren School District:

We have recently received the preliminary listings for the New Hampshire Foundation Aid Program for the 1974-1975 school year and from the early report Warren will receive \$9,787.03 instead of the \$5,979.00 listed as estimated revenue in your school board budget. It should be noted that this is a preliminary listing and could change before the school tax rate is established.

Attendance at this year's budget hearing was much better than it has been in the past. Discussion and opinions expressed were of a positive nature and from this meeting your school board can follow up on recommendations made and also draw upon the positive atmosphere of the assembly to draft future policies for the school district.

Major increases in this year's budget are in transportation and tuition. Transportation has increased a total of \$2,874.00 while tuition has gone up \$9,400.00 for next year.

May I take this opportunity to thank the school board, staff and voters in Warren for their support during the past year.

Respectfully,

NORMAN H. MULLEN  
Superintendent of Schools

## REPORT OF ASSISTANT SUPERINTENDENT OF SCHOOLS

I herewith submit my fourth annual report to the voters of the Warren School District.

Our school year began with an Orientation-Workshop at the Woodsville High School on August 28th, 29th, and 30th, and was attended by the entire Supervisory Union Staff. The keynote address was delivered by Dr. Dean C. Corrigan, Dean of the School of Education, University of Vermont. Dr. Corrigan's topic was Personalizing Teaching: Goals and Processes. The workshop dealt with a number of timely subjects, including: Computerized Math in the Intermediate Grades, Nutrition Education, The New Hampshire Plan for Teacher Renewal, Pre-School Readiness, Special Education, Classroom Accountability, and Learning Disabilities at the Secondary Level. About fifteen special consultants were involved and eight of these were from our own staff. The workshop was funded entirely by the Supervisory Union and will be an annual function.

At its spring meeting, the Supervisory Union Board authorized the formation of a Staff Development Committee. This committee is responsible for the formulation of a three year master plan for the recertification of staff members. According to the directives from the State Department the new plan must allow for each staff member to complete a minimum of 50 clock hours of approved activity in each three year period in order to maintain their certification. It is felt that the new system will allow for a wider variety of educational experiences for teachers. Activities may include, Curriculum work, in-service training, visits to other schools, travel etc., in addition to graduate level college courses.

The Staff Development Committee is composed of fifteen members broadly representative of Administration, teachers, parents and students. The new plan is scheduled to become effective in the Fall of 1975.

On May 14th, 15th, and 16th, Mr. John Economapoulas, Elementary School Services Coordinator, State Department of Education, will conduct an evaluation of the elementary schools in Supervisory Union 23. This evaluation will be with respect to the progress that the schools have made in complying with the State's minimum standards. At the present time the Warren Village School is in compliance with nearly all of the minimum standards. Our shared services in the areas of guidance and music as well as our kindergarten program should help us during our evaluation. To fully comply with the minimum standards we will need to add Physical Education and Art to our shared services.

In October we secured approval for our kindergarten program. We also received money from the Community Action Agency for Grafton, Coos, and Carroll counties. Unfortunately we were not able to secure funds to continue our remedial reading activity which had been handled so capably by Mrs. Helen Evans. Every effort is being made to find monies to reinstate this program.

Our school lunch program, under the able direction of Mrs. Hight and her assistant Mrs. Belyea continues to do well. In the face of continually rising operating cost these ladies have done a remarkable job.

I would like to thank the teaching staff, the School Board and everyone connected with the Warren School District for their fine cooperation.

Respectfully submitted,

HAROLD J. HASKINS

Assistant Superintendent of Schools

## REPORT OF SCHOOL NURSE

### Town of Warren

January 1973 – December 1973

#### HEALTH ACTIVITIES

School visits	30
Home visits	33
Student related conferences	44
Referrals	19
Inspections- head	94
teeth	30
Height & weight	59
Hearing tests	22
Vision tests	80
First Aid	5
Immunizations	14
Dental Clinics (1/73 - 12/73)	5
Student contacts	23

Students from Grades II, IV and VI were given physical examinations by our school physician, Dr. Omer Brochu.

Our first Grade students had all either met the requirements for entrance to school or were in process of completion of requirements as the law now states. Again this involves physical exam and T. B. test within the year and the following up-to-date immunizations; 1) measles, 2) Rubella, 3) Polio and 4) DPT; smallpox vaccination no longer mandatory nor recommended. The cooperation of the parents was most commendable.

One Immunization Clinic was held with seven students attending. It would be helpful to have a series of three clinics this year to maintain our high level of immunization.

Dr. David Hartson of White Mt. Community Services has visited school from time to time. His main service to the school is to provide consultation to the teachers with regard to student behavior and/or achievement. If family consultation is desired an appointment can be made at Littleton. It is then the family's responsibility to keep appointments and payment is based on ability to pay.

There are nine Dental Clinics scheduled for the Sept. '73 – June '74 school year with Dr. P. J. Saladino of Bradford, Vt. And as Grades I, II, and III show a marked improvement in dental health this year it would seem that more students may be accommodated by the clinics. Those one or two visits to the dentist **before** entry to school are so beneficial. Our students behavior at the clinics continues to be excellent. The goal of a preventive dental program grows closer every year, due mainly to parental cooperation.

The pleasure is mine to work with all concerned with our Village School.

Respectively submitted,

SANDRA W. HAIR, R. N.
